ABOUT HKUST BUSINESS SCHOOL

Established in 1991, the School of Business and Management at the Hong Kong University of Science and Technology (HKUST Business School) is young, dynamic and very well respected for the quality of its programs and the impact of its research.

We are the first business school in the region to be awarded accreditation by both the US-based Association to Advance Collegiate Schools of Business (AACSB International) and the European

Quality Improvement System (EQUIS). The degrees offered by the HKUST Business School are recognized worldwide.

We are recognized as "Asia's youngest but most respected business school" (Financial Times). Our programs are highly regarded for their cutting edge design and delivery, and are consistently ranked among the very best in the world by international media.

MESSAGE FROM THE ACADEMIC DIRECTOR

The Master of Science in Accounting Program (MSAC) offered by the HKUST Business School provides students with an interest in accounting a prime opportunity to further their study with a premier accounting curriculum at postgraduate level. The program is tailor-made and is both practical and academically rigorous. It is based on a foundation of carefully designed courses and components, and intends to cultivate "thinking" professional accountants, nurturing them to become successful business professionals across different business functions within diverse organizations.

The program caters for both accounting and non-accounting majors from business and non-business disciplines who are thinking of developing, or further enhancing, their careers in accounting and other related fields. Through this program, our graduates will derive knowledge in accounting and business related areas at postgraduate level and be accredited by major accounting professional organizations, including the Hong Kong Institute of Certified Public Accountants (HKICPA), the Association of Chartered Certified Accountants

(ACCA), CPA Australia and Chartered Institute of Management Accountant (CIMA).

As one of the top universities in Asia, HKUST will provide our MSAC students with an exciting learning environment, distinguished faculty, highly internationalized student profile and activities, and our famously beautiful campus.

The MSAC program provides students access to professionalism and the opportunity to master future success.

Prof. Tony Shieh

*MSAC Academic Director
PhD, New York University
Fellow Member, CPA Australia
Certified Information System Auditor, ISACA*

PROGRAM

Program Design

The Master of Science in Accounting Program (MSAC) is a one-year full-time program that aims at providing postgraduate accounting education to students with bachelor degrees in business and non-business disciplines, and bridging them with a channel to enter accounting-related professions.

The program is both practical and academically rigorous. It intends to groom “thinking” professional accountants at postgraduate level and educate them to become successful business professionals across different business functions, such as accounting, finance, treasury, taxation, auditing, business consulting, and corporate strategic planning. The program will further promote the collaborations and connections with the professional community, e.g., CPA firms and other corporations.

Students will be provided with specialised knowledge in accounting which will enable them to enter the HKICPA QP, as well as related fields of finance, information systems, international business and investment so that graduates can make a significant contribution to the functioning and development of their employing organizations.

Program Schedule

The MSAC program commences in September and starts with nine core courses (18 credits) and a pre-selected elective course ACCT5220 (2 credits), required by HKICPA for QP, as foundation training in accounting. Students completed the program are

eligible to apply for the HKICPA QP. Students can then choose five elective courses (10 credits) in disciplines across different business functions.

Sample program schedule:

TERM 1 (FALL) SEPT – DEC

Six core courses:

ACCT 5160 Corporate Financial Reporting I
ACCT 5170 Corporate Financial Reporting II
ACCT 5210 Managerial Accounting Foundations
ACCT 5630 Business Law
ACCT 5640 Company Law
FINA 5120 Corporate Finance

Pre-selected elective course:

ACCT 5220 International Treasury Management

14 CREDITS

TERM 2 (SPRING) FEB – MAY

Three core courses:

ACCT 5180 Advanced Corporate Financial Reporting
ACCT 5410 Taxation
ACCT 5510 Auditing

Five elective courses in various business disciplines:

Accounting
Information Systems
Management

16 CREDITS

Remarks: Offering schedule for individual course is subject to change

Program Curriculum

Students are required to complete a minimum of 15 courses (30 credits) of coursework in order to graduate, including 9 core courses (18 credits) and 6 elective courses (12 credits).

Core Courses

ACCT 5160 Corporate Financial Reporting I

Corporate financial reporting including topics in current assets, fixed assets, income taxes, liabilities, leases, off-balance sheet debt, equity, financial assets and dilutive securities.

ACCT 5170 Corporate Financial Reporting II

Corporate financial reporting including topics in inter-corporate investments, business combinations, multinational operations, pensions and earnings equity.

ACCT 5180 Advanced Corporate Financial Reporting

Reporting of inter-corporate investments that convey significant influence or control and cross-border activities. Core topics include business combinations, consolidated financial statements, associated companies, and foreign currency issues.

ACCT 5210 Managerial Accounting Foundations

Use of accounting data in decision-making, financial planning, control, and performance evaluation within organizations.

ACCT 5410 Taxation

The course introduces the fundamentals of Hong Kong taxation based on case law and legislation. Topics include: property tax, salaries tax, profits tax, depreciation allowances, personal assessment, and stamp duty.

ACCT 5510 Auditing

It covers the relevant principles, objectives and ethical requirements of audit and assurance services; identifies the audit process from client acceptance, design of audit procedures and express an appropriate audit conclusion based on the audit evidence obtained. Topics include: audit planning, audit evidence and documentation, internal control, completion of audit, audit opinion and reporting, professional ethics, rights and obligation of auditors.

ACCT 5630 Business Law

This course is designed for the study of Business Law with practical examples of the application of law in the real business world. The course materials cover topics highly relevant to the business managers in the decision making process. The end goal is to elevate the student's level of understanding of the surrounding legal environment.

ACCT 5640 Company Law

Law relating to companies registered in Hong Kong; company formation and records; share and loan capital; management and administration; reconstructions; mergers and take-overs; liquidation and receivership.

FINA 5120 Corporate Finance

Valuation of cash flow streams (PV of cash flow streams, annuities, and perpetuities); valuation of bonds; valuation of stocks using dividend discount model; capital budgeting decisions (NPV, IRR, payback); capital structure; limits to the use of debt (trade-off models); estimation of cost of debt and equity; WACC; terminal value.

Elective Courses

(Offering schedule of individual course is subject to availability)

ACCT 5140 Financial Statement Analysis

Integrated analysis of industry strategy, accounting policy, financial ratios and cash flows. Forecast of earnings and financial statements and application in equity valuation; credit analysis and bond ratings. Essential for those planning careers in financial management, investment analysis, credit analysis, business valuation, and consulting.

ACCT 5220 International Treasury Management

The course covers specialised knowledge in international treasury operation and management control, risk management, inflation and foreign currency changes as well as international transfer pricing. It is the required course for HKICPA QP.

ACCT 5310 Fundamental and Quantitative Equity Analysis Using Accounting Information

The course covers fundamental equity analysis based on forecasted financial statements. It also introduces quantitative investment strategies based on the drivers of stock price movements. The course is useful for those planning careers in investment analysis, fund management and consulting.

ACCT 5430 Strategic Tax Planning

This course introduces the theoretical framework and applications of strategic tax planning. We teach strategic tax planning concepts and techniques from both a domestic and international perspectives. The course is intended for students interested in careers in financial management, tax planning professional, tax lawyers. The course covers major conceptual and applied tax planning for companies in China and US.

ACCT 5650 Corporate Governance and Compliance

The course covers corporate governance at two levels. At the practice level, it builds on students' prior knowledge of company law, and introduces them to the various requirements of compliance by company boards as stipulated in the Hong Kong regulatory framework. At the company policies level, this course introduces students to broader aspects of corporate governance, focusing on the multitude and interaction of stakeholders and how their interests may be protected.

ACCT 5710 Data Analytics in Accounting

Data analytics is the process of collecting, organizing and analyzing big data in order to discover useful information for different uses. This course aims to provide students with knowledge of the nature and role of data analytics and how important it is to accountant as well as apply and understand big data issues and utilize data mining, data modeling, data analysis and data visualization techniques to solve accounting and business related issues.

ISOM 5360 Information Systems Auditing

This course introduces the fundamental concepts of information systems (IS) auditing. Topics include IS control and assurance, COBIT, business continuity planning, protection of information assets, auditing the network infrastructure, physical access exposures and controls, and disaster recovery management.

MGMT 5480 Strategic Management in China

The primary topic of this course is strategic management in the Chinese context. This course has three major objectives: 1) to help students understand the conditions under which different kinds of strategy have the potential to create economic value and competitive advantage for Chinese context; 2) to help students who plan to work in Chinese companies understand their roles and responsibilities in helping the companies to achieve competitive advantage; and 3) to help those, who work in foreign companies that either already have or will have operations in China, obtain the knowledge necessary to compete or cooperate with companies in Chinese context more successfully.

PROFESSIONAL RECOGNITION

Hong Kong Institute of Certified Public Accountants (HKICPA)

The HKICPA qualification program(QP)is a comprehensive training programme that provides the knowledge and skills necessary to become a CPA. QP builds on an accounting degree and progresses to course work and examinations. Graduates of the MSAC program will be eligible to enroll into the HKICPA QP. Also, students are required to fulfill the QP entry requirement of the following seven basic subjects at undergraduate level:

HKICPA QP major areas	Relevant subjects at undergraduate level
Accounting	ACCT 2010 Principles of Accounting I
Economics	ECON 2103 Principles of Microeconomics
	ECON 2123 Macroeconomics
Information Systems	ISOM 2010 Introduction to Information Systems
Management	MGMT 1110 Introduction to Management
Marketing	MARK 2120 Marketing Management
Statistics	ISOM 2500 Business Statistics

The MSAC program will not admit students who missed more than two of the basic subjects/courses in the undergraduate study. Students will be charged an extra fee for taking the undergraduate basic courses.

Natalia BOGATKINA, 2015-16 Intake

*Bachelor University: Moscow State University of Economics, Statistics & Informatics (MESI)
(BSc in Finance and Credit)*

Current Company: Fung, Yu & Co. (Hong Kong)

Position: Associate

The Professors of the MSAC program are all experienced and well-rounded professionals. During the lectures, they adopted practical approaches so it was easier for us to connect the academic content with the latest industry practice and trends. Moreover, classes were not only focused on the China market but also covered other countries. Thus, we were given a more comprehensive and worldwide perspective of different markets. As an international student, it was crucial for me to keep abreast of everything so that I can adapt to the life and study in Hong Kong easily. I am glad to have the support from MSc Programs Office and classmates throughout my study.

Olivia CHEN, 2015-16 Intake

*Bachelor University: The University of Hong Kong
(BSc in Risk Management and Finance)*

Current Company: Ernst & Young (Hong Kong)

Position: Financial Service Advisory – Advisory · Consultant Program

The MSAC program's curriculum is well designed, in particular, as a graduate from a non-accounting bachelor program, I have acquired practical foundation knowledge of accounting from the core courses. I really appreciated our professors who organized the course content in a way that students can easily understand, even those who come from a non-accounting background. I found that accounting is more interesting than I had expected.

The MSc Career & Professional Development (CPD) team helped us to polish resume for targeted job applications, offered mock interview sessions, and personal coaching which provided useful feedback and guidance. I appreciate the effort by the MSc CPD team.

Young Jin SONG, 2016-17 Intake

*Bachelor University: Yonsei University
(Bachelor of Business Administration)*

Current Company: Crowe Horwath Hong Kong

Position: IT Audit & Consultancy

I was impressed about the curriculum design and the interactive approach adopted by individual course instructor. The program emphasized on both the all-round academic content and latest practice from the industry. As an international student, I appreciated the various kinds of support provided by the program office; it accelerated my adaptation to the living environment and learning in Hong Kong. Besides, I was also secured a graduate job opportunity by the guidance and advice including professional coaching, useful workshops on resume & cover letter preparations, etc. provided by the MSc CPD team and faculty members, this is especially important for non-Chinese speakers who wish to start the career in Hong Kong. I want to say thank you for the effort and care provided by the MSc Programs Office throughout this intensive and exciting academic year.

CAREERS & ENRICHMENT

The HKUST MSAC program helps prepare students to be ready to start or to advance their career. The HKUST Business School's MSc Career & Professional Development team provides guidance and service for all full-time MSc students, which includes:

- Identifying the student's unique career-related interests, values and capabilities;
- Enhancing job searching skills, preparing for workplace requirements and career management strategies;
- Accessing opportunities for internships and full-time employment with a diverse group of recruiting firms and organizations.

One-on-one career coaching, as well as career-related training/workshops will be provided for students when they join HKUST.

The MSc Programs Offices will also arrange various enrichment activities and luncheon talks for students. These will be a platform for networking with industry practitioners and senior management from industry in Hong Kong and Mainland China.

In addition, a study tour may be arranged for students during the semester break. The study tour will help students to better understand the industry landscape, develop applied skills in industry and company analysis, and network with industry practitioners outside of Hong Kong.

CAMPUS LIFE

HKUST is more than just a place to learn. We aim at developing our students to their full potential, preparing people to take the next step toward career success. We focus on creating a unique learning experience for each of our students, and develop future business leaders in Asia for the world.

Spread over 60 hectares in a beautiful setting in Clear Water Bay, the HKUST campus provides students with a relaxing environment in which to study and grow. Students enjoy all the benefits of a full-scale university campus in a relaxing environment.

Student amenities such as banks, medical clinics, a supermarket, a bookstore, postal services, hair salon, souvenir shop, and choices of Asian and Western catering outlets are located on campus. Other facilities include a five-storey library with over 700,000 books, periodicals, microfils and 100 electronic databases, computer barns, wireless Internet access, a language-learning center, a self-access center with multimedia resources, swimming pools, a fitness center, tennis courts, an athletic track and a soccer pitch.

A wide range of amenities is also provided to encourage extra-curricular activities, the pursuit of hobbies and generally to enhance the quality of campus life. These include conference and meeting rooms, common and quiet rooms, workshops and

a darkroom, karaoke and music rooms, and a performance stage.

Public transport is conveniently available, with the city center less than 30 minutes away. The HKUST is near Hang Hau, home to an impressive range of restaurants, various malls, major supermarkets, a wet market and the Tseung Kwan-O Public Hospital. Just ten minutes from the main campus by bus is Sai Kung, famous for its seafood restaurants, water sports facilities—including both Hong Kong's major yacht clubs—and country parks with a wealth of hiking, mountain biking and camping possibilities.

Lee Shau Kee Campus

The Lee Shau Kee Campus— including the Lee Shau Kee Business Building and the Institute for Advanced Study, was built in 2013. Located atop the HKUST's main campus, the Lee Shau Kee Campus occupies about 10 hectares, representing about 15% of the total campus area.

The HKUST Business School is located in this new business building. Students can enjoy state-of-the-art teaching and learning facilities and an exclusive area for them to work on group projects or assignments.

ADMISSIONS

Admission Requirements

Applicants of the program should satisfy the following requirements:

1. A Good First Degree

Applicants should possess a bachelor degree with good standing in business disciplines from a recognized university or approved institution; or

Applicants who graduated from a non-business discipline should fulfill at least one of the following conditions:

- i) Studied courses in Accounting, Economics, and Statistics during their undergraduate studies with satisfactory performance; or
- ii) Passed the module / paper on Financial Reporting or Financial Accounting from a recognized Certified Public Accountant (CPA) examination; or
- iii) Having a minimum of 2 years' full-time post-qualification working experience in an accounting related field.

2. English Proficiency

Applicants whose first language is not English, and whose bachelor's degree or equivalent qualification* was awarded by an institution where the medium of instruction was not English, are required to fulfill the minimum English Language requirements in TOEFL/IELTS examination.

* Qualification with duration equivalent to a full-time bachelor's degree (i.e. at least 3 years).

3. GMAT / GRE

Applicants are highly recommended to have a satisfactory GMAT / GRE score.

4. Relevant Experience

No minimum working experience is required. However, any relevant work or business experience will add weight to the application under consideration.

The key selection criteria will be assessed through written and/or online application documents and through a personal assessment interview.

ADMISSIONS

Application Deadlines

We invite applications from September 2017 onwards for the 2018-2019 intake. Admissions operate on a rolling basis. We recommend that non-local applicants apply as early as possible to allow sufficient time for student visas, personal preparations and arrival in Hong Kong.

Application deadlines for the 2018-2019 intake are as follows:

PHASE	APPLICATION DEADLINE
1	1 Nov 2017
2	15 Dec 2017
3	1 Feb 2018

Consideration of the phase 3 applications will depend on the availability of places. Only applications with complete set of application materials will be considered.

Application Materials

Your application should include the following materials:

- Completed online application form, including a personal statement
- CV/resume with photo
- Transcript and degree certificate of undergraduate studies
- Documentary proof of other professional qualifications (if applicable)
- Official TOEFL/IELTS score report (if applicable)
- Official GMAT/GRE score report (if applicable)
- Two academic referees
- Application fee

Shortlisted applicants will be notified individually for interview.

Program Fee

The total program fee for the 2018-19 intake is HK\$255,000. The program fee covers tuition, course materials for some of the core courses, and some enrichment activities.

Other Expenses

Students will be charged an extra fee of HK\$10,000 per course for taking the designated undergraduate basic courses in order to meet the HKICPA QP requirements.

Travelling and living expenses in Hong Kong are not included in the tuition fee. On-campus accommodation at HKUST is not available due to heavy demand. Students have to explore short-term off-campus accommodation.

Scholarship Awarded by MSAC

Scholarships for admission will be provided to outstanding candidates with excellent academic performance as well as well-rounded backgrounds.

Student's eligibility for the scholarship will be assessed after online application is submitted and interview is conducted.

Academic achievement scholarship will also be provided to outstanding admitted students with the excellent performance during their study in the MSAC program.

Scholarship Awarded by HKICPA

HKICPA scholarships were established to encourage accountancy studies and recognize academic excellence in accountancy at universities. For each academic year, the scholarship of HK\$6,000 will be awarded to deserving candidates as recommended by the universities.
